#### **COURSE NUMBERING**

From September 1971, courses numbered below 100 are precollege not degree credit; courses 100-199 freshman level; courses 200-299 sophomore level; courses 300-399 junior level; courses 400-499 senior level. A "W" following a course number means the course had a writing emphasis. Prior to 1987, an "X" following a course number meant the course was offered on an experimental basis. From January 2016, the "X" designates a competency taken through the Flexible Option Program. A course with a double X number, such as 1XX or 3XX, means the course was transferred to UW-Stevens Point and was accepted, but a comparable offering does not exist.

#### GRADE POINT CALCULATION

GPA (grade point average) is computed by totaling PTS (grade points) and dividing by CRS (credits attempted). Grades of P (pass) or I/INC (incomplete) are not included in GPA calculation.

#### **ACCREDITATION**

UW-Stevens Point is accredited by The Higher Learning Commission to offer approved baccalaureate and graduate degree programs. They can be reached at:

The Higher Learning Commission 230 South LaSalle Street, Suite 7-500 Chicago, Illinois 60604-1413 http://www.hlcommission.org/ or info@hlcommission.org Phone: (800) 621-7440

#### **CALENDAR**

The University of Wisconsin-Stevens Point operates on a semester system. Courses are regularly offered during four terms: Semester I (September through December), Winterim (January), Semester II (January through May), and Summer Session (May through early August).

The semester is 16 weeks long. The unit used in computing the student's study load is a semester hour which represents 50 minutes of class work (or its equivalent in other forms of instruction) per week per semester. A semester hour's work completed with a grade of D or better becomes a credit.

The UWSP Flexible Option Program is not based on our standard terms. Subscription periods are 3 months in length and begin at the start of any month during a calendar year. Competencies taken through the Flex program are designated by an "X" following the course number. Each competency will have an associated credit amount, determined by calculating work required for an equivalent course.

#### ACADEMIC BANKRUPTCY

This is a process students may go through if they have been suspended for at least a semester due to low grade point average. After exercising bankruptcy, the student's cumulative GPA is determined from the courses taken after being readmitted.

#### **INCOMPLETE GRADES**

A student must remove an "Incomplete" during the next semester (excluding summer), or it automatically becomes a failure. This deadline may be extended if arrangements are made with the instructor and department chair of the course.

# REPEATING COURSES

With proper permission, a student may choose to repeat a course in which a grade of D+, D or F is received. Only the credit and grade earned in the last attempt are figured in the cumulative GPA. The original grade, however, will remain on the transcript. Courses repeated at other institutions have no effect on the grade point average.

### **HONORS**

| Semester       | GPA Range | Graduation      |
|----------------|-----------|-----------------|
| Highest Honors | 3.90-4.00 | Summa Cum Laude |
| High Honors    | 3.75-3.89 | Magna Cum Laude |
| Honors         | 3.50-3.74 | Cum Laude       |

Semester honors calculation includes only the courses completed at UW-Stevens Point.

Graduation honors calculation includes all the courses a student has attempted, including college level work completed at other schools.

# **SUSPENSIONS**

Academic and non-academic suspensions are noted on transcripts.

# TRANSFER CREDITS

Transfer credits accepted from other University of Wisconsin System and Wisconsin Technical College System schools may appear on the transcript. In these cases, UW-Stevens Point equivalent courses are printed. They are not included in the calculation of the semester or cumulative grade point average. Equivalent courses will not be listed for credits accepted from other schools.
